

Schedule Court Reporting Services Directly within Litify

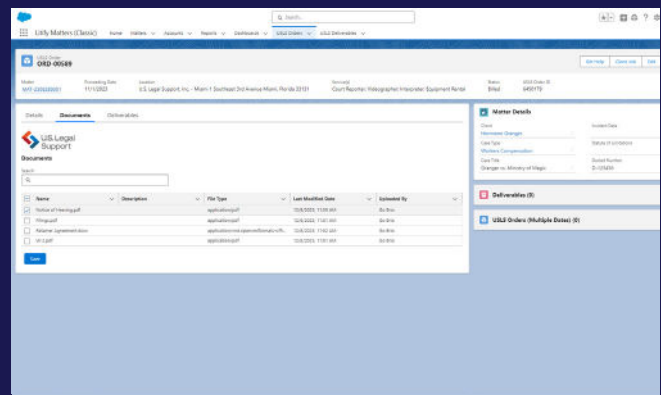

Conveniently schedule and manage court reporting services directly from Litify with the U.S. Legal Support integration. With centralized access to deposition services, you can schedule a court reporter, view all case proceedings scheduled within Litify, and access deliverables post proceeding including transcripts, exhibits, and videos. With our integration, you can:

- ✔ Schedule court reporting and related services (including Legal Videographers, Interpreters, and Realtime Feed) directly from your matters
- ✔ Simplify scheduling by cloning existing jobs and scheduling multiple dates at once
- ✔ Confirm, modify, or cancel services from one central location
- ✔ Attach a Notice or other documents from your matter when scheduling
- ✔ Access deliverables post proceeding from the matter, including transcripts, exhibits, and video deliverables
- ✔ View all company proceedings scheduled with U.S. Legal Support within Litify
