

# Strategic Trial Consulting, Graphics, and Presentations

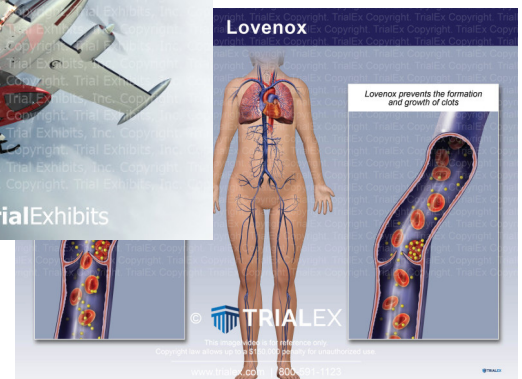

Our Trial Services division is comprised of experienced professionals at TrialEx and DecisionQuest, including Jury Consultants, Ph.D. Behavioral Scientists, Psychologists, Senior Graphic Designers, Medical Illustrators, Forensic Animators, Presentation Specialists, and Trial Technicians who have over 500 years of collective experience. This experience, coupled with our deep domain expertise, allows us to provide a full suite of trial services to help you gain a winning edge. From jury research and consulting to mock trials, witness preparation, trial graphics, demonstratives, and trial presentation and technology services, we serve law firms nationwide.

## Trial Exhibits & Legal Graphics

Captivate the attention of your jury with trial exhibits that significantly increase a jury's comprehension of complex information and subject matter.

- Animations and Graphics
- Interactive Exhibits
- Video/Photography
- Medical Animations and Illustrations
- 3D Models

## Witness Preparation

Our team can help enhance delivery of your themes and prepare witnesses on the nuances of effective testimony, such as the importance of posture, nonverbal cues, and other details that can transform adequate testimony into something much more compelling.

- Evaluate performance and provide strategic guidance for their role at trial or mediation
- Strategies for appropriate demeanor
- Techniques for responding confidently and carefully under direct and cross-examination

## Mock Trials & Focus Groups

With in-person and remote mock trial and focus group services, trial teams can conduct comprehensive, first-person tests on any given case to ascertain key themes, refine case strategy, and more.

- Case strategy, theme development, and refinement
- Complete remote capabilities
- Bench studies or arbitration panel studies
- Real-time juror response technology

## Trial Presentations & Technology

Our Trial Technicians and Presentation Specialists have decades of experience supporting cases big and small in a variety of venues nationwide. With them on your trial team, you'll have a seamless presentation of exhibits and evidence during trial.

- Hot seat operation
- Trial presentation database creation and management
- Operation of software and audio/visual equipment
- Fully equipped for remote hosting and presentation services
