## Elevate Analysis with Fast, Accurate, and Dynamic AI Deposition Summaries

Quickly distill lengthy transcripts into concise, digestible summaries to increase productivity and accelerate case strategy. DepoSummary Pro™ takes care of the heavy lifting by leveraging best-in-class AI technology to quickly review hundreds of pages of testimony. The outcome is a thorough and accurate deposition summary, complete with multiple layers of summarization for ease of review. Spend less time on manual transcript review and more time on strategic case activities.

Identify key testimony, enhance strategic decision-making, and allocate more time to critical case development.

### ✓ TESTIMONY ABSTRACT

The included abstract provides a succinct overview of what was covered throughout the entire proceeding, including answers to major lines of inquiry.

### ✓ ORGANIZED INTO KEY SECTIONS

Segments of testimony are grouped into key sections for a more complete narrative overview.

### ✓ EXPLICIT STATEMENTS & REFERENCES

Within each section, admissions and testimony are summarized at the page-line level, providing direct reference and quick access to each specific statement for ease of review.

### ✓ LINKED PAGE-LINE CITATIONS

Quickly jump to key portions of testimony for review within the final, linked transcript

### ✓ ADDITIONAL FEATURES:

- Fully editable in Word format (also delivered as a PDF)
- Live table of contents
- Quick navigation on each page
- Linked to final transcript
- Delivered within our secure Client Portal for review along with the final transcript

The screenshots show a sample deposition summary for Joseph Nadeau. The interface includes a title page with the case name, date, and location. It features an 'Overall Summary' section and a 'Table of Sections' table. The table lists various sections such as 'Deposition Introduction and Procedures', 'Mr. Nadeau's Education and Employment History', and 'Review of Mr. Nadeau's 2001 Affidavit - Employment'. The interface also shows page-line citations and a 'depo summary PRO' logo.

### BEST-PRACTICE SECURITY

AI utilization adheres to U.S. Legal Support's best practice cybersecurity protocols, including SOC 2 Type 2 and HIPAA compliance. Your sensitive case and client information will not be shared, stored, or used by open AI engines to train their models.
